Per our conference call last week, have no additional comments and can concur, however, the way the document is currently written does not take into account the additional discussions (conference call) that went on, as well as the additional information provided by Greg. Not quite sure how to wrap this up, let's discuss at the meeting.

Thx!

Michelle,

Hope you had a good weekend. I talked to Corey recently, and he told me that he has incorporated comments from George and is ready to submit the final changes. He is just waiting on comments from you if any to incorporate into the RI.
